

Ref. Eng-1660

About Bercella:

We're an Italian Design and Manufacturing firm involved in Motorsport, Aerospace, Defence, and Railway. Our main expertise is in Composite Materials, but we manage a variety of technologies and materials to help our customers getting everything they need.

While the company is well established and active since 20 years, the people working here is <35 years old on average, and we are growing pretty rapidly!

If you are looking for a stimulating start for your career, in an organization involved in some of the most exciting industries, based in the heart of Italy's best region for Food and Living, you should look deeply into our Openings!

But if the main priorities in your life are inherent security and the ability to plan things months ahead, please stop reading this now and spend your time doing something else.

Here you'll find and we expect a sense of truthfulness (towards oneself and each other), being demanding, as well as an innate spirit of curiosity.

The Role:

We're seeking a talented *Cost Estimator* to help us support our Management and Sales departments. We're looking for candidates who have proven expertise in analysing and estimating manufacturing processes throughout their Academic career.

Want more details?

Throughout your daily operations, you will:

- Identify and quantify cost factors, such as production time, materials, and labor expenses.
- Read blueprints and technical documents in order to prepare estimates
- Collaborate with engineers, operators, clients, and suppliers on estimates
- Consult with industry experts to discuss estimates and resolve issues
- Use computer software to calculate estimates
- Evaluate a product's cost-effectiveness or profitability
- Work with sales teams to prepare estimates and bids for clients
- Perform additional assignments per supervisor's direction.

Our Ideal Candidate has:

- A bachelor's degree, master's degree or PhD in Engineering or Business.
- Knowledge of advanced composites production operations, tooling fabrication, machining operations, quality control procedures, and the ability to work extended hours as required
- Knowledge of Manufacturing processes cost estimation and control
- BOM and ERP experience
- A strong knowledge of the English language (TOEFL IBT>100+ or IELTS>6.5)
- A valid permission for working in the European Union
- The ability to speak basic Italian

Bonus Points for:

- Formula SAE experience
- Being very precise and devoted to details
- A strong aptitude for Team-working and Problem Solving
- Strong communication, presentation, and interpersonal skills
- Academic or working experiences in a foreign country

Why you should work here:

- We'll trust you to do things right
- Nobody will ever tell you "because we always did so"
- You'll work with other young and talented people
- You'd be getting in a company going through a stable and organic growth
